

Switch Hampshire Winter Scheme Launches

Following the first round of Switch Hampshire which ran from May to July 2013, East Hampshire District Council working in partnership with all Hampshire Councils is pleased to announce that the scheme is re-opening over the winter.

Registration opens on 10th December and is a quick and easy way to find out if you could save on your energy bills. If you decide to switch, the scheme will handle the process for you.

The scheme covers residents who use gas or electricity (or both) and also those who use pre-payment meters. Residents do not have to agree to pay their bills by direct debit or online if they do decide to switch.

To register with the scheme, you will need to know your current energy tariff for gas and/or electricity and how much energy you have used over the past year (either in £s or Kwhs). These details should be on your annual statement but if you cannot find them, your energy supplier will be able to provide you with this information.

Once registration closes on 17th February, you will be contacted with details of how much you could save. There is no obligation to switch supplier but if you do decide to take up the offer the switching process will be managed for you.

Registration opens on the 10th December 2013 and closes on 17th February 2014, for more details and to register go to www.hants.gov.uk/switch or call 01962 846828.

- **It's a hassle free way to see if you can save money on your energy bills**
- **There is no fee to join or to switch**
- **You are under no obligation to switch**
- **The scheme will handle your switch for you**
- **It's a secure scheme backed by your local authority**

Notes: Switch Hampshire does not guarantee to provide a cheaper price than your current tariff. Savings are accurate on the day the offer is made and you have the right to accept or cancel the offer within 7 days of agreeing to switch.
